Mission Statement

Centralia Recreation Department Mission Statement:

It is the mission of the Centralia Recreation Department to work in partnership with our community in order to provide instruction in the fundamentals of youth and adult sports. The Centralia Recreation Department's main purpose is to provide both children and adults with an opportunity to play, learn, and have fun in athletics without concern or regard to physical ability, race, religion, or financial situation.

General Rules Applying to All Leagues

Coaches:

1. The coach of each team is responsible for the conduct of his/her team, fans, and players.
2. Coaches must notify all players of upcoming practices and games. Coaches should make every attempt to maintain the participation of all players on the team. If unable to contact a player, or if a player discontinues participation in the program Centralia Recreation Complex staff should be notified. Any coach who does not encourage the participation of all players will be considered for disciplinary action.
3. It is the coach's responsibility to maintain the equipment and promptly return it in good condition at the end of the season.
4. Coaches will be responsible for making sure dugouts are picked-up and kept trash free. Please make sure that dugouts are kept clean. Coaches who do not insure their dugouts are cleaned could face a city ordinance fine for littering.

GENERAL OBJECTIVE:

The objective of the Centralia Recreation Department's Youth League is to provide instruction in the fundamentals of baseball/softball as well as giving the participants an opportunity to play games. The Centralia Recreation Department would hope that the coaches and parents would please keep in mind that the main objective here is not who wins or loses, but that the participants have the opportunity to play, learn and most of all have fun. Therefore, the Centralia Recreation Department would like to ask you to please refrain from questioning the calls of the officials in an ungentlemanly manner. You must remember that it is a learning experience for the officials as well, so please make it as easy as possible for them. We here at the Centralia Recreation Department will try to help them become as proficient as possible at their job. We want the league to operate as efficiently as possible and again most importantly, to be fun for the participants.

It is the hope of the Centralia Recreation Department that the T-Ball League will be strictly an instructional league. The participants will have the opportunity to learn about teamwork and participating in team sports, many for the first time. Let's try to make this a learning experience, but most importantly one of fun and recreation for those involved. It does not matter if your team wins or loses because all of those involved, children and adults, will be winning by taking part. There will be no official score kept everybody wins.

RULE 1: MEMBERSHIP

- Sec. 1** Boys/Girls will be entered in the league according to their age. All boys/girls who are four (4) - six (6) years of age and not more than eight (6) before August 1, of the current year, will be eligible.
- Sec. 2** **Once a player is assigned to a team, he or she may not switch teams without approval by the Centralia Recreation Program Coordinator.**
- Sec. 3** Ineligible players are defined as:

**When an ineligible player is discovered & protested, & protest upheld, the game in which he or she was playing will be forfeited by the team using the ineligible player*

- Sec. 4** The Centralia Recreation Department will schedule an on-site supervisor, and 1-2 umpires per field, per game.
- Sec. 5** Time Limit Rule: The time limit regulations for all leagues are as follows. Each league has a set maximum time limit, which is stated in the set of rules governing for that specific league. There must be at least 5 minutes left of the official game time in order to start a new inning otherwise the umpire will declare that the time limit is over, and the team that is ahead in runs scored shall be declared the winner, regardless of the inning. However, both teams must have completed the same number of innings at bat (unless home team is ahead). If an inning is started before the time limit expires, the inning must be completed in full (unless the home team is ahead or as soon as the home team score the winning run).

The home team shall be listed last on the schedule and shall occupy the 3rd base dugout
